A CRIMEAN INCIDENT .- BY BAYARD TAYLOR. This is the most exquisite war-lyric that we have seen for an age. What can be more touching and natural than this:

They sang of love, and not of fame, Forgot was Briton's glory, Each keart recalled a different name, But all sang "Annie Laurie." The lyric deserves to be as popular in the Camp "Annie Laurie's self." The rhythm is so musical that it hardly needs an air: "Give us a Song!" the soldiers eried,

The outer trenches guarding, When the heated guns of the camps allied Grew weary of bembarding. The dark Redan, in silent scoffs, Lay, grim and threatening, under; And the tawny mound of the Malakoff No longer belched its thunder.

There was a pause. The guardsman said:
"We storm the forts to-morrow;
Sing while we may, another day
Will bring enough of serrow."

They lay along the battery's side, Below the smoking cannon— Brave hearts, from Severn and from Clyde, And from the banks of Shannor

Forgot was Briton's glory; Each neart recalled a different name, But all sang "Annie Laurie." Voice after voice caught up the song, Until its tender passion Rose like an anthem, rich and strong—

Their battle-eve confession. Dear girl, her name he dared not speak, Yet, as the song grew louder, Something upon the soldier's check Washed off the stains of powder.

Beyond the darkening ocean burned The bloody susset's embers,
While the Crimean valleys learned
How English love remembers.

Rained on the Russian quarters, With scream of shot and burst of shell, And bellowing of the mortars.

And Irish Nora's eyes are dim For a stranger, dumb and gory: And English Mary mourns for him Who sang of "Annie Laurie." Ah, soldiers! to your honored rest. Your truth and valor bearing; The bravest a re the tenderest—

The loving are the daring.

Democratic State in the Union, less than 10,000 could be found to cast their votes against the most injuness system of religious intelerance and bigotry ever seen in this country.

Again:

The editors of the Times are surprised that we should attempt to excite prejudice against General Pierce because he lives in a State that proscribes all Romau Catholics from office. Our neighbors have certainly a right to be surprised; but, at the same time, we have a right to think that a State which coutains more than 600,000 voters, and which, upon the direct question whether Roman Catholics shall be permitted to hold office or not, gives only nine thousand and odd votes in the affirmative, is a miserable abode of most infamous biggetry, and should not be allowed the honer, amid the many direct and incidental advantages, of giving a President to the United States.

We are not alone in thinking that New Hampshire, disgraced by has religious test, should not have the honer of the Presidency.—Journal, June 16th, 1852.

Again: Again:

Yes, Mr. Pierse's nomination is a compliment to New Hampshire, and his election would be a still greater compliment to that State. We think, however, that New Hampshire is just about the last State in the Union that should be honored with compliments. She is the only State in the Union that tolerates, or would for a moment tolerate, an odious and infamous religious test, denying to all Roman Catholio citizens the right to hold office. Her Constitution is at voer with the fundamental principles of religious liberty and republicanism.

It is a high honor (says the Lonisville Journal), a great advantage, to a State to furnish the incumbent of the executive chair of the nation, and we do not think this houor, this privilege, this advantage, should be accorded to a State base snough and bigoted enough to tolerate a religious test in the Ninteenth Century. There may be worthy men in such a State, but we would not gratify the State, and flatter her pride, and minister to her interest, by selecting a President from her population, as long as worthy men or a worthy man can be found in States less shamefully sitularant.

Here the editor of the Journal quotes in full what the aforesald correspondent says, who addresses himself chiefly to Catholios, and then the editor calls lustily upon Protestants:

Eight Men Brutally Murdered by the Abolitionists.

The following letter was received by a messenger from Franklin county, Kansas Territory, this morning, which was written by the Commission-er of Franklin county. The letter has been forwarded to Gov. Shannon.

FRANKLIN COUNTY, K. T. Sunday Morning, May 25, '56.

ritory: GENTLEMEN: I will inform your Honors that there is a mob of the Yankees in this part of the Territory committing dreadful outrages, of the nost savage character.

An express arrived this morning at my place of residence, from Potawatemie creek, with information that an organised company of Abelltionists, at a very late hour last night, attacked the houses of the pro-slavery mon and tere them from their families, and murdered them infcold blood in a most savage manner.

The informer states that he believes nearly all the

pro-slavery men on Potawatomie creek were mnr-dered last night. This is to inform you that it is now high time to send troops without delay. Send immediate relief until other arragements can be made, and further information can be had.

A CLASSICAL CONGRESS .- The best jokes affoat in the capital are located in the room of the Com-mittee on the District of Columbia. In a recent discussion there, a legal member stated that "Congress should be liberal towards the District. She has no Territorial or State Government, and we consequently, should watch over her interest in loco parentis." A olerical member of the committee, from down east, did not relish this, and closed a sophomorio appeal, by exclaiming, in true pulpit fashion, "as to the gentleman's insinuation that Congress should act as "loco foco parents" to this District, I would remlind him that only the Senate is of them politics."

An advertisement of Mr. UDOLPHO WOLFE, lately published, as I suppose, for the protection of his Schie dam Sohnapps against connterfeiters, has come uuder my observation; and, being engaged in the manufac 131 thre of Schiedam Schnappe, were I to let it pass without notice, I might be considered among those he denominates "Pirates and Venders of Poison." But the immense patronage and success that has attended the sale of the article manufactured by me, and the opinion o ompetent judges as to its qualities as a beverage and its medicinal virtues, precinces the possibility of the ideathat I am included among those he designs to im pugn. No deubt he feels aggrieved at the deprecis of the sale of his Schnapps, which is manifest to all since mine has been brought into competition with his Not only have I succeeded in competing with him quality, but the constant and increasing demand for my article will soon satisfy him that his caution to the citizens of the "Southern and Western States" will avail him nothing as far as I am concerned. The character of my Schiedam Schnapps is too well established in those States to be injured by any such invidi one publication. The motive of his advertisement obvious to every one, and feeling well satisfied that al such missiles thrown at me by him will fall harmless a my feet, I willhere, for the satisfaction of the public publish my Copy Right, entered in the Seuthern Dis riot of New York. on the 28th of December, 1854

the public by asserting that the name "Schiedam Schnapps" belongs exclusively to his article, and that all others are counterfelts and impositions? U. W. has no monopoly, and no more right for the coleimportation of Schiedam Schnapps than anybody else, and he may rest assured that I shall be the last to

He is the sole importer, as well as the exclusive manufacturer of the article; and no preparation bear ing the name of "Schnapps," that is not procure oither from his establishment in New York, or from his gents in other cities, is genuine and reliable. It is made from barley of the fluest quality, selected with great eare from the products of the most celebra-

A Human Life Saved!

Downstag, Mich., March 11, 1886. J. A. Rhedns, Esq.—Dear Bir: As I took your medisine to sell on cousignment, " ne cure ne pay," I take pleasure in stating its effects as reported to me by three others who live in this place, and their testimony is a fair specimen of all I have received:

W. S. Cenklin told me—"I had taken nine bettles of
Christie's Ague Balsam, and continually run down
while using it, until my lungs and liver were congested
to that degree that blood discharged from my mouth

and bowels, so that all thought it impossible for me to its through another chill? The doctors, too, did all her could for me, but thought I must die. Nothing iid me any good until I got RHODES' FEVER AND AGUE CURE, which at once relieved me of the distress and nauses at my stomach and pain in my head and howels, and produced a permanent cure in a short time."

H. M. Conklin says: "I had been taking medicine of as good a doctor as we have in our county, and taken ay quantity of quinine and specifics without anya good result, from 25th August to 17th December. But ceing how nicely it operated on my brother, I got a ottle of Rhodes' Fever and Asuz Cuar, which efected a permanent cure by using two-thirds of a bot-

say his case was the same as H. M.'s. I sold the medi-sine to both the same day, and the cure was as speedy rom the same small quantity, and I might so specify. Yours with respect, A. HUNTINGTON. The above speaks for itself. Good proof as it is, it is

of no better tenor than the vast number of like certificates I have already published, and the still greater amount that is continually ponring in to me. One thing more. Last year I had occasion to GAU-MONTHA PUBLIC in these words:

"I notice one firm who have taken one of my coneral cie rulars, substituted the name of their neutrum for my medicine, and then, with brazen impudence, end their

A little attention to the quality of the psckages won'd result in better prices to the planter, especially if they were made full weight. The offerings of lugs of indifferent qualities have been very large, which has contributed to this decline. Although the demand for heavy weight shipping lugs has not abated, prices are a shade easier, owing to the liberal offerings which have been placed in the market since our last. The decline spoken of above has been, in many instances, increased to %c, by the very inferior state of the packages.
